

# EUROPE SHOP ASSEMBLY INSTRUCTIONS

## SAFETY NOTICE

The Europe Shop should be securely anchored to a wall in order to be the most stable. Two units can also be bolted securely back to back for a free-standing floor display. Use of the wheels is optional.

SCREWS & WHEELS

TOOLS NEEDED

- 1** Remove and dispose of the metal bar; this is used only for transportation of the unit.
- 2** Attach the back of the unit to the base with four of the screws with washers and nuts.
- 3** Attach the wheels to the base if desired.
- 4** Attach the top of the unit to the back with four of the screws with washers and nuts.
- 5** Adhere the plastic holder.
- 6** Insert shelf dividers to separate the colors. Add the retaining wire in front to prevent tilting.
